

MUHAMMAD ALI

Mechanical Engineer · Production Supervision · Quality Control · CAD Design

Lahore, Pakistan | +92 313 4390156 | engineerali658@gmail.com | [linkedin.com/in/muhammad-ali1988](https://www.linkedin.com/in/muhammad-ali1988)

PROFESSIONAL SUMMARY

Mechanical Engineer with a Master's in Power Engineering & Engineering Thermophysics and 7+ years of combined experience across industrial production supervision, quality control, and engineering education. Experienced in international environments (Netherlands, Bahrain, China, and Pakistan) — supervising production operations, enforcing quality and safety standards, and improving process efficiency. Proficient in AutoCAD, SolidWorks, and Autodesk Inventor for mechanical design. Seeking a production, quality, or design engineering role in a multinational organization.

CORE COMPETENCIES

Production Supervision · Quality Control & ISO Compliance · Process Improvement · Mechanical Design (CAD) · Workforce Training & Supervision · Health & Safety Standards · Production & Inventory Management · Thermodynamics & Power Engineering

PROFESSIONAL EXPERIENCE

Visiting Instructor — Government College of Technology Lahore, Pakistan · Aug 2025 – May 2026

- Delivered mechanical engineering lectures and supervised final-year design projects.
- Drove project-based learning that strengthened students' practical and technical skills.
- Guided students into industrial projects and technical competitions.

Production Supervisor — Hilton Foods

Zaandam, Netherlands · May 2024 – Dec 2025

- Supervised daily production operations and workforce activities across the line, keeping output on schedule.
- Enforced quality, hygiene, and workplace-safety standards in line with company and regulatory requirements.
- Trained and coached production staff, improving team efficiency and operational consistency.

Visiting Lecturer — Government College of Technology

Lahore, Pakistan · Aug 2021 – May 2023

- Delivered mechanical engineering lectures and supervised final-year design projects.
- Drove project-based learning that strengthened students' practical and technical skills.
- Guided students into industrial projects and technical competitions.

Mechanical Instructor — Lahore Polytechnic Institute

Lahore, Pakistan · Dec 2017 – Sep 2019

- Improved student results by 60% through innovative, hands-on teaching methods.
- Organized technical competitions and training activities to raise engagement.

Quality Control Supervisor — Manama Packaging Industry

Bahrain · Aug 2011 – Sep 2013

- Managed QC systems and ISO compliance across packaging production.
- Cut customer complaints and improved process efficiency by over 80% through stronger quality-control processes.

EDUCATION

M.Sc. Power Engineering & Engineering Thermophysics — Xi'an Jiaotong University, China · 2019 – 2021 · CGPA 3.63/4.0

B.Sc. Mechanical Technology — University of Lahore · 2013 – 2017 · CGPA 3.84/4.0

DAE Mechanical Technology — PBTE Lahore · 2010

INTERSHIPS

Pakistan Engineering Company (Jun – Jul 2017) — Process improvement and production optimization.

Pakistan Railways (Jun – Jul 2016) — Material testing and root-cause analysis.

TECHNICAL SKILLS

Design & CAD: AutoCAD, SolidWorks, Autodesk Inventor

Production & Quality: Production Management, Quality Control, ISO Compliance, Process Improvement, Health & Safety

Software & Other: MS Office · Teaching & Training · Project Supervision
